Drugs & Alcohol On Campus: Protecting the University 2017 – College and University Roundtable

Illegal drug and alcohol use on campus is an issue that colleges and universities have had to manage and get ahead of for decades. This task is made more difficult with the ever-changing legal landscape.

Join us to brush up on existing laws and policies, and learn about the new laws that will impact your institution.

This roundtable will address, among other things:

- On-campus substance abuse trends
- Complying with the Drug Free Schools and Communities Act
- Impact of legalized marijuana on campus

Breakfast or lunch will be served.
There is no cost to attend.

Both sessions below:

- South Hadley at the Willits-Hallowell Center at Mount Holyoke College on Friday, May 12, 2017 from 12:00 noon – 2:00pm
