EBC Program, "How do I get there from here?," to feature Bob Cox

NOVEMBER 9, 2017

This EBC Ascending Professionals program features Kelly Knee, engineer and data management specialist, coastal flooding specialist, and former Fulbright fellow, and Bob Cox, environmental compliance and enforcement aficionado and "Super Lawyer" in the state of Massachusetts. As EBC Board members, Kelly and Bob have a vast range of experiences and can speak to the joys and challenges of the environmental sector. You will have the opportunity to ask them about their careers and how you can use their "lessons learned" to advance your own career. This is an excellent opportunity to network with other professionals in the environmental industry.

Whether you are just starting out or looking to move up in the industry, this event will help you on your way. Listen to the Board Members' stories, ask any questions you may have, and stick around for networking to discuss what you've learned with fellow professionals.

Please note: This program has been rescheduled from the original date of November 9, 2017 to the new date of January 10, 2018 from 5:30-7:30pm. It will take place at the Framingham office of Bowditch & Dewey at 200 Crossing Blvd., Suite 300. For more information and the register, please visit the Environmental Business Council of New England website.
