## Kristin Shirahama to speak at Women's Circle seminar: "Finding Your Way"

SEPTEMBER 18, 2018

On October 4, Kristin Shirahama and her colleagues from CIBC Private Wealth Management's [Women's Circle](#) will address a very difficult, but important topic – [estate and financial planning](#) after a loved one passes or becomes incapacitated.

As many know from experiences with friends and family, or your profession, estate planning often affects women more profoundly. The more you know about how estate administration works, the more confident and better prepared you will be to manage a death or incapacitation in the family.

This seminar, "Finding Your Way: A Practical Guide to Navigating the Process of Preparing for and Moving Forward After Loss," is for women who want to know what they should be doing to manage their own wealth and make sure their parents (especially moms who are likely to outlive dads) are equipped to deal with a loss.

If you're interested in attending, or know someone who could benefit from this seminar, please [register online](#) by Wednesday, September 26.
