Bowditch sponsors Game Changers 2018

OCTOBER 15, 2018

Bowditch & Dewey is pleased to sponsor the Worcester Regional Chamber of Commerce's third annual Game Changers business conference and expo.

The annual business conference focuses on economic development and the transformation of Worcester. This year's discussion is focused on the Union Station 2.0 Report, which explores the need to fully leverage the economic development opportunities at Worcester's Union Station. The discussion welcomes ideas and feedback as the Worcester Redevelopment Authority and City Council's Economic Development, Public Service & Transportation and Traffic & Parking subcommittees review these issues.

We are pleased to support Game Changers with our involvement in the following sessions:

- An Iconic Building Ready for the Next Chapter: Developing Union Station – Samantha McDonald (moderator)
- Smart City: Smarter Connectivity, Better Quality of Life – Joshua Lee Smith (moderator)
