Brian Mullin Joins the Board of HMEA

FEBRUARY 5, 2019

Attorney Brian Mullin has joined the FY '19 HMEA Board of Directors, an organization that offers people with disabilities and their families comprehensive services that last a lifetime. Bowditch has been a sponsor of several of HMEA's IncredABLE 5K events, a relationship with which Brian has been personally involved since 2013. Brian is a retired former active service member of the United States Marine Corps and provides *pro bono* legal services for veterans with disabilities.

In other Board news, attorney David Felper has retired from the Board after 24 years of service. During his tenure, he served as president twice. Due to his long service to HMEA, HMEA's Board Room at the administrative office will now be called the David M. Felper Board Room, as announced at HMEA's Annual Awards night in October.
