An A/E/C Industry COVID-19 Roundtable (Webinar)

Jonathan Hausner will be moderating “An A/E/C Industry COVID-19 Roundtable” presented by the Construction Management Association of America (CMAA) New England chapter.

The A/E/C industry has experienced varying degrees of impacts as a result of the COVID-19 pandemic resulting in the need for industry members to address both short-term and long-term business challenges. Join our roundtable discussion with panelists from architecture, engineering, and construction management as we address today’s considerations on project sites and what we should be aware of and prepared to address due to COVID-19 pandemic.
