David Mawhinney Appointed as the Chair of the National Association of Bankruptcy Trustee's Committee of Small Business Debtor Reorganization

DECEMBER 23, 2020

The National Association of Bankruptcy Trustees has appointed David Mawhinney as the Chair of its Committee of Small Business Debtor Reorganization or "Subchapter V." This is a new committee that David will be building from the ground up. He has experience representing regional and international companies, secured lenders, critical vendors, and equity sponsors in bankruptcy proceedings throughout the United States. In addition to debtor-side chapter 11 restructurings, David has extensive experience representing mortgage servicers in both corporate and consumer bankruptcy cases, and has defended all manner of trustee "clawback" lawsuits.

The National Association of Bankruptcy Trustees was founded to be "the voice of the Chapter 7 and Subchapter V Bankruptcy Trustee community, serving their interests and needs through education, communication, and promotion of the profession."
