AiVi Nguyen Spoke at the Worcester Regional Chamber of Commerce's Leadership Worcester Program

AiVi Nguyen spoke at the Worcester Regional Chamber of Commerce's Leadership Worcester program on September 8, 2023. The goal of Leadership Worcester is to create a network of thinkers and doers who will move the region and each other forward. Participants connected with key stakeholders, learned from influential leaders, and forged relationships that will help them take the next step in their leadership.

During the two-day retreat for the organization's incoming class, AiVi served on the Impact Panel and discussed leadership opportunities in the Worcester region. She provided advice for participants about how they can get involved in the community, be impactful at work, serve on boards and commissions, run for public office and more.
