### Bowditch Celebrates Continued Growth of Boston Office with Clients & Friends Appreciation Event

More than 200 guests gathered to mark the continued growth of our Boston office at a Clients & Friends Appreciation Party held at our downtown Boston location. The event brought together clients, colleagues, and business partners for an evening of connection and recognition.

The transition to new space has been highly anticipated, with many attorneys noting how the redesigned office layout supports closer collaboration and a more integrated working environment. Others spoke to the exciting growth of the Boston office across practice areas and experience levels, highlighting the team's momentum and enthusiasm. As one attorney put it, "I love the energy."

The event, which featured four curated tasting stations with a selection of craft beer, fine wine, whiskey, mocktails, artisanal cheeses and chocolate, provided an opportunity to reflect on the firm's momentum in the Boston market and express appreciation for the relationships that support and strengthen our work.

We are grateful to all who joined us and contributed to a memorable evening. Your continued support is integral to our success as we look ahead to the next chapter of firm growth and success.
