Charles Hunsinger Discussed Strategies for Identification, Valuation and Division of Trusts During Divorce

On May 22, 2205, Charles Hunsinger presented “Handling Trusts During Divorce: Identifying Assets, Resolving Ownership Conflicts, and Ensuring Equitable Outcomes” at a live webinar hosted by myLawCLE. The CLE provided attorneys with a thorough understanding of the legal complexities involved in dealing with trusts during divorce proceedings. Participants gained insights into how to identify, value, and divide trust assets, including considerations for modifying or terminating trusts, and the impact of these actions on divorce settlements. With a focus on legal strategies, this session equipped attorneys with the tools to protect the interests of all parties involved, ensuring a fair and legally sound outcome.

Key topics discussed:

- Understanding the role of trusts in divorce proceedings
- Identifying and valuing trust assets in divorce cases
- Disputes over trust ownership and control in divorce
- Legal strategies for dividing trust assets between spouses
- Modifying or terminating trusts during divorce
- Protecting the interests of beneficiaries during divorce
- Post-divorce modifications to trusts and estate planning
