Korrin Petersen Presented Legal and Regulatory Update at 16th Annual Water Resources Strategies Symposium

On October 6, 2026, Korrin Petersen was a panelist at the 16th Annual Water Resources Strategies Symposium, titled "Charting the Course: Utility Management for a Changing World" and hosted by the Massachusetts Coalition for Water Resources Stewardship (MCWRS).

As part of the legal and regulatory update panel, Korrin provided the latest updates on state and national legislation, regulation, policy and legal issues affecting the water sector.

The symposium brought together professionals from across Massachusetts to share insights on current policy, regulatory, research, and legal issues. The event provided an opportunity to discuss usable strategies for communities and for attendees to network with other water resources professionals.
