

Brigid Harrington Spoke at the Boston Business Journal's "Economics of Higher Ed"

MARCH 9, 2023

Higher education is a driving force of Boston's ecosystem and an industry that has undergone tremendous shifts and changes over the last several years. On March 9, 2023, Brigid Harrington and a panel of experts spoke at the *Boston Business Journal's* program about higher education, which explored the challenges and solutions to key issues in the field of higher education, including transitions in leadership, tuition cost, student debt, challenges in fundraising and more.
